To Whom It May Concern,

It is a pleasure to write a letter of recommendation for Fort Worth Montessori School. Tsainina Beardsley, Director of Fort Worth Montessori, runs a model Montessori Program. When prospective families ask us for recommendations of preschools Fort Worth Montessori is a program that we highly recommend. The fact that FWM is able to offer extended hours to dual working parents makes the program an exceptional find in southwest Fort Worth.

Fort Worth Montessori is a great feeder school for FWCD's Kindergarten, our largest entry point. Students that matriculate to us from FWM are always well prepared and have a passion for learning. The parents of these children are also well prepared; they are some of our best volunteers and are always supportive of the School's Annual Campaign.

One of the benchmarks of a strong educational program is the average tenure of their faculty. Tsainina has been able to hire and keep some of the finest Montessori trained teachers in the metroplex. Parents feel that their children's teachers are experienced, knowledgeable and that they truly care about each child and that child's family.

Please do not hesitate to contact me if you would like to visit more about this exceptional program.

Sincerely,

A handwritten signature in black ink that reads 'Barbara W. Jiongo'. The signature is written in a cursive style.
