To Whom It May Concern:

As the Director of Admissions at Trinity Valley School, I frequently talk with parents looking for an appropriate preschool for their children. I always recommend Fort Worth Montessori as a school to consider because we have enrolled dozens of children from that preschool over the years. Fort Worth Montessori students accepted at Trinity Valley School are well-prepared academically, socially, and emotionally for entry into our kindergarten program. This provides for a great transition to our school, and we hope to continue our relationship with FWM for many years to come.

I would be happy to discuss this further at any time.

A handwritten signature in blue ink that reads "Judith S. Kinser".
